

### Leveraging Technology for Effective Learning!

Quality content coupled with contemporary technology-enabled teaching methodologies goes a long way for achieving this objective. This is what we call "TekEdge".

TekEdge synergizes faculty efforts and ICT (Information Communication Technology) effectiveness, making classroom learning livelier, interactive and interesting. TekEdge facilitates faculty to explain complex concepts in an easy to understand manner through rich multimedia, audio-visuals, video, animations, simulations, etc.

### Salient Features

Digital library comprising of

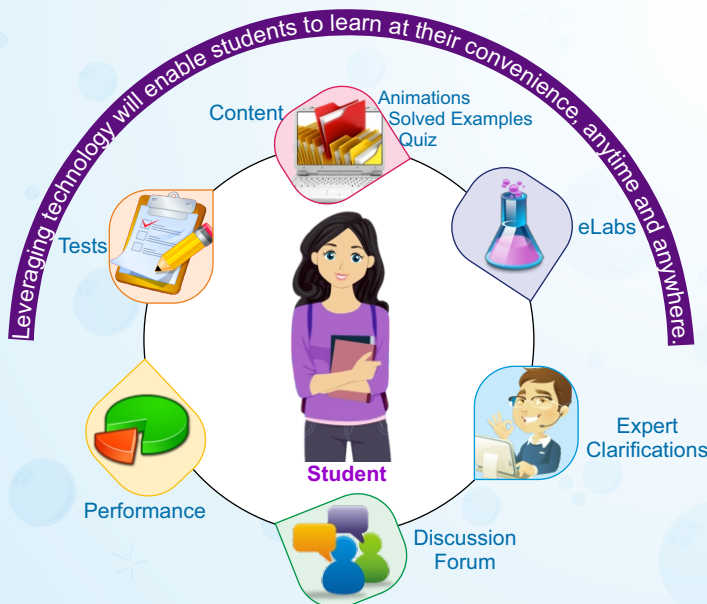

**Engineering modules** across

CSE, ECE, EEE, MECH, CIVIL are provided  
170+ Subjects with over 2500 Topics,  
700+ eLAB Experiments

**Skill modules**

Language | Soft skills |  
Pre-placement | Aptitude | IT

- Large no. of topics to choose from
- Animations, Images will provide better understanding of concepts
